# OUR STORY

Established in 1982, 2W has transformed from an importer of heavy duty rainsuits to a global manufacturer of industrial high viz apparel, PPE, and customized workwear servicing transportation, manufacturing, construction, and many other industrial sectors.

2W is a family owned business and is currently managed by a strong team of safety innovators. 2W owns 3 factories in Asia, providing full control over production quality, lead times, and sustainable, ethical sourcing.

For 40 years, we've had only one purpose: to exceed safety standards by designing and creating premium, industrial safety apparel and accessories that are innovative, comfortable, and durable. Our team is focused on providing best in class safety solutions with exceptional customer service. From our team to yours, we thank you for trusting us with your safety.

# OWL-EYE MISSION

Owl eyes are known for their superior vision under unpredictable conditions. The owl eye logo reminds us every day that our mission is to develop innovative, comfortable workwear that help our customers stay safe and seen, under any condition, any time of the day.

Our commitment to safety starts with the best materials, thoughtful innovation, and a passion for what we do. We're continuously evaluating and expanding our product line to better serve a broader base of customers.
